does all the
work, while you
get the fun
of running your
own NFL team.

Dear Sports Fan:

Here is your information packet for the upcoming *Scoresheet Football* season. Most of us would agree that owning a fantasy football team makes following the NFL season more enjoyable. ***But not all fantasy games are the same!*** *Scoresheet Football* has many features that set us apart from other football games, some of which are summarized below:

- * In *Scoresheet Football* your **players earn points for virtually everything they do** on the field; **not just when they score a touchdown.**
- * **realistic point formulas** that even deduct for passing and rushing attempts, meaning a running back who gets 100 yards on 20 carries earns more points than one that gets the same 100 yards in 25 carries.
- * **automatic substitution** of players who have a bye or who are injured
- * use of **individual defensive players**, with points given for sacks, tackles, interceptions, forced fumbles, etc.
- * **your choice** of whether to start 2 RBs/2 WRs or 1 RB/3 WRs or 1 RB/2 WR/ 1 TE
- * bench players **automatically** used if your starter is hurt early in the game
- * As long as you use our web lineup form to submit depth charts there are ***no*** transaction fees, meaning the team fee will be your only cost for the season.
- * At Scoresheet you can call and talk to a real live person if you have a question or comment. We are not a faceless 'internet only' company. Instead we are a small company run by sports fans just like yourself.

****SPECIAL INTRODUCTORY OFFER:** The normal fee for a *Scoresheet Football* team is \$54. But, in an effort to introduce *Scoresheet* to as many new owners as possible, **anyone who has not played *Scoresheet Football* before (or has not played in at least 5 years) can buy a team for only \$29—roughly half price!**

Joining a league: We will be **forming single season leagues** thru late August. But the earlier you join the sooner you can begin enjoying the fun of drafting a team. As soon as you send in your order form we will send you complete drafting information. You can order your team using the enclosed paper order form, or there is also a team order form on our web site.

Have the most fun: At *Scoresheet* you will play in **real leagues**, where you will take part in an actual draft (meaning a player can only be on one team in each league.) You will participate in **real trade talks with other owners** in your league, and not just pick up players from a 'pool.' And each week of the season you'll compete in head-to-head games.

You put a lot of time into your fantasy sports hobby - don't you owe it to yourself to play the game you will enjoy the most?

2018 will be our **32nd year** of running Scoresheet Sports. We hope that you join us for what promises to be another great season!

Let the games begin,
The Scoresheet Gang
